Message from your Club Manager

Happy Spring!

The team at the Bay Club would like to thank each one of our members for your support, and we are looking forward to continue serving you during these “new” times!

Please look through the newsletter, and plan on attending some of the events we have scheduled for this quarter. The team always strives to offer a variety of events for everyone-please remember to add them to your calendar! We have been working with the Social Committee to plan the events for the entire year, so please feel free to drop an email to our F&B Manager, Alex Wilhelm at arwilhelm@vestapropertyservices.com if you have any suggestions. My goal is to consistently improve your experience at the Bay Club, so we ask that you let us know what kind of activities and services you would like to see offered.

We are planning on sending out a survey during this quarter, so please respond, and get your neighbors and friends to participate. We really would like to hear your thoughts, and suggestions.

There are some fun events planned like our annual Cinco de Mayo party, Mother's Day brunch, Cornhole Tournament, Father's Day BBQ, and the 4th of July! Keep looking out for different specials throughout the quarter.

As we continue to move forward through the COVID-19 crisis, please be aware that there are necessary rules and regulations to follow in order to operate the Bay Club safely and effectively. As federal, state, and local government mandates protocols to be followed, the Bay Club continues to move forward with the guidelines. The Health and Wellness of our residents and employees remain our highest priority and obligation. Please remember to wear your masks when you enter the Bay Club, and as you walk around the facility or use the fitness center.

As always, I would like to thank all our members for their continued support, and patronage! Please stop by at any time - hope to see you soon!

Thank you, Julie

Interview with Josh Gromalski, Sous Chef

Did you always plan to pursue a career in the restaurant industry?

Not exactly! My dream as a kid was to be a firefighter. I started cooking at 13 in an Italian restaurant, bussing tables and slicing garlic bread, and I've never looked back.

What do you like the most about working at The Bay Club?

I love to cook, so working in this role gives me an opportunity to make exotic foods and unique creations with my own twist. I enjoy plate presentation and the variety of preparations we do here at the Club, so it's a good combination of everything.

How did you first learn about The Bay Club?

I worked with Julie and Chef Cathy from a previous job, and they encouraged me to join the team here. I'm grateful for that opportunity, because I've been able to grow my skills and experience in a short amount of time.

Do you have a motto you live by?

"I believe everyone in the world is born with genius-level talent. Apply yourself to whatever you're genius at, and you can do anything in the world."

— Jay-Z

What is on your bucket list?

I want to travel the world! I hope to explore Rome one day.
